WRITES A LETTER ABOUT VINOL.

How Pale Women May Get Strength, Rich, Red Blood and the Bloom of Health in Their Faces.

A pale, bloodless face indicates trouble; it is a sign of weakness, and as we see so many right here in Maysville the following letter will interest many of our readers.

Mrs. E. H. Dunakin, State Chairman of Correspondence, Woman Literary Union of Pennsylvania, writes: "I suffered for over a year with general debility and weakness; I had severe backaches, headaches, and was pale and nervous. My physician prescribed different remedies, but they did not seem to help me at all. A club associate recommended Vinol, as it had cured her of a severe stomach trouble. I tried it, and soon felt greatly improved, and after taking four bottles I can say I am free from all my troubles, and it has made me well once more. Several of my friends are using it with beneficial results for lung and stomach troubles and

to restore lost strength." Mr. J. C. Pecor, our well known druggist, says there is absolutely no need for people to drag around weak, pale, nervous, run-down and de-vitalized, for he guarantees that Vinol will in a natural manner build up the weak, give strength to the aged, restore color to pale faces, cure stomach troubles, nervousness, hard colds, hacking coughs and make rich, red blood. Containing as it does all the vitalizing principles of cod liver oil, without any oil to upset the stomach, Vinol is the most wonderful restorer of health and strength known to medicine; it is not a patent medicine, and is absolutely free from all harmful drugs. If it fails to give satisfaction money is refunded without question, and it will pay every weak or ailing person in Maysville to try it on our guarantee. J. C. Pecor.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

The retirement of Miss Julia M. Stone as teacher of drawing and the language, in the Public Schools of the city is learned with much regret by her many friends.

The action of Miss Stone is caused by ill health; and she will shortly return to her home in Westfield, N. Y.

Miss Stone has been connected with the Public Schools for nearly twelve years, coming to Maysville originally to take a position in Hayswood Seminary.

The decision of the Republican National Committee that the convention this year shall open at Chicago on the 21st day of June will render interesting this compilation of times and places of previous Republican National Conventions—

- Philadelphia, June 17th, 1856.
- Chicago, May 16th, 1860.
- Baltimore, June 7th, 1864.
- Chicago, May 20th, 1868.
- Philadelphia, June 5th, 1872.
- Cincinnati, June 14th, 1876.
- Chicago, June 2d, 1880.
- Chicago, June 3d, 1884.
- Chicago, June 19th, 1888.
- Minneapolis, June 7th, 1892.
- St. Louis, June 16th, 1896.
- Philadelphia, June 19th, 1900.

From these figures it appears that no National Convention of the Republican party has ever been called for so late a date as that of 1904. The November election will occur, however, on the latest possible date, namely the 8th, which will be "the first Tuesday after the first Monday" of the month, so that the campaign this year will be exactly as long as that of 1900 when the convention met on June 19th and the election was on November 6th. But the 1904 campaign will be much shorter than the average since 1856.

WILLIAM A. BRADY, the well known theatrical manager, tells how modern Labor Union methods contributed to the terrible disaster in Chicago. His statement is not only valuable and instructive as to theatrical matters, but as to many other branches of business that are now almost absolutely taken out of the control of their owners and given over in charge of Walking Delegates and "Union" Grafters. Mr. BRADY says—

"If the man who had charge of the spotlight had known his business there would have been no disaster, and it is the system of substitution that makes it possible to have a man in charge of the calcium lights who does not know his business. "The Manager of a theater is not to blame, for the very simple reason that he has no voice in selecting the substitutes. They are furnished by the Unions. "As I say, the Manager is helpless. I have trained men in my productions to manipulate the lights. I have paid them to attend the rehearsals and familiarize themselves with the work. Perhaps they reported for one or two nights. Then a man whom I had never seen before would come on. He had been substituted without my knowledge or consent by the Union. "The whole system is wrong. When a man is called upon to take charge of an electrical effect he is being entrusted with work that should require skill. He should be made to realize that thousands of lives are in his keeping and he should be compelled to give that work his whole attention. "At the present time there is no way of knowing whether a man is competent or whether he is incompetent. You engage a man for the work and he reports and probably stays for a short time. Then you look for him and discover that a man you never saw before is filling his place. He informs you, if he feels like it, that he has been substituted by the Union. Probably he has been taken from the street and does not know the difference between a calcium light and a beefsteak. He knows, of course, that if he touches a certain button that there will be light, and that if he touches another that there will be no light. "In England it is different. There a man is not allowed on the back of the stage unless he has a certificate showing that he is competent. The Managers of the theaters here can do nothing. They must take the substitute provided by the Unions, or—well, they can do without."

John J. McKenna and John B. MASON COUNTY FARMER

John M. Clift Files Petition in Bankruptcy in Federal Court.

John M. Clift, a farmer of the Mayslick neighborhood, yesterday filed a petition in bankruptcy in the Federal Court at Covington.

He places his liabilities at \$8,422.59 and his assets at \$1,197.

The State National Bank is his heaviest creditor, which he owes \$5,600 on notes with W. E. Clift and Stanton Clift as sureties.

He also owes Minnie Morrissey \$500 on a note, and the balance of his obligations are made up of lesser amounts, owing chiefly to the merchants of Maysville.

OLD MAYSVILLE MAN

Though Happy in West Virginia, He Longs For Former Home

Colonel George M. Thompson, formerly of Maysville but now Proprietor of The New Raleigh Hotel located at Elizabeth, W. Va., writes to THE LEDGER as follows—

ELIZABETH, W. Va., January 4th, 1904.
Thomas A. Davis, Maysville, Ky.—Friend Tom: Find inclosed check for one more year subscription of your paper. It seems every day I get your paper like a letter from home. It is thirty-five years today since George Wilson, the old printer, introduced me to you. My life since then has been a diversified one, but I am happier and more contented than I ever was in my life. If I were so situated that I could spend the balance of my time in old Maysville my ambition would be gratified. Respectfully,
GEORGE M. THOMPSON.

The Ohio continues to fall.

The Kanawha is frozen over at Charleston.

A big gorge of ice is reported in the Ohio at Carr's Run, above Pomeroy.

Although there is always danger of disaster to coal floats, coalboats and other craft during the existence of an ice gorge in the Ohio river, the chances are ten to one that no serious damage will result from the present freeze.

Creditors of the icebound and stranded steamboat Grapevine, lying high and dry near the C. and O. Bridge in Cincinnati, secured themselves for supplies furnished by garnisheeing the insurance in the Courts Monday. Claims for about \$250 were filed.

The present fall and winter season has been the most unprofitable one for many years for the packet companies and for the coal companies. In November the river was so low that the big boats could not run, and in December the river was frozen and boats had to tie up. The Monongahela Coal Company has been unable to send coal below the Louisville Falls for eight weeks.

Trials of M

I suffered for nine years with ovarian trouble myself as well as to my family. During that sad and long period for a child to be born. I had constant racking bearing-down pains pulling through my limbs with frequent head-stomach and vomited frequently and no medicine Wine of Cardui.

Then my general health improved, the pains gradually after 18 weeks I was well. I am now the happy mother of a child and my husband joins me in sending her for your splendid medicine.

Without, I would have been a childless, instead of a happy mother.

Mrs. Frederick M. Chaplain, St. Andrew's.

WINE OF CARDUI.

Wine of Cardui is the most successful menstrual regulator, regulating menstruation, Wine of Cardui banishes inflammation from the entire female organism and the strengthened ligaments bring the organs back to their proper place. This is what Wine of Cardui did for Mrs. Nirdlinger. It banished the racking pains and burning inflammation and brought her relief. She was restored to health and strength and gives Wine of Cardui the credit of making her able to become a happy mother. This medicine equips a woman for every duty of wifehood and motherhood. There are many suffering women who think that health can never be theirs because they cannot secure the services of a great specialist, but we want to say right here that while Mrs. Nirdlinger lives in Philadelphia, a great medical center, she depended on Wine of Cardui for a cure and she was cured. This same medicine is within your reach. Will you take it?

All druggists sell \$1.00 bottles Wine of Cardui.

UTH UNVARNISHED!

IT'S ABOUT DRESS GOODS!

I'll be honest—we want you to buy them because it will help business, not only now but in the future. When you think of Goods months hence, if you buy now, you're sure to come back where you secured such values. We want you to buy—no anthropology about it, just a plain mercantile proposition. Prices reveal our anxiety. No half way measures about these figures, they are rock bottom prices that mean money saved to you. Don't be content to read, come, see, compare.

50c was 89c yd. Bottle green or black covert, 1½ yards wide—cuts to splendid advantage without any waste.

38c was 59c yd. All wool zibeline mixtures. Blue or gray dashed with white. Colors well blended, finish excellent.

89c was \$1.25 yd. Gray, blue or brown mixtures with white yarn nubs dotting the surface irregularly. New and stylish.

38c was 59c yd. Kersey mixtures of navy with faint glints of white. Good service in every thread.

50c was 75c yd. Exquisite shades of brown, blue, gray, green and red zibeline slightly flecked with silver hairs. Full 40 in. wide. Equally effective in coat suits or costumes.

50c was \$1 yd. Handsome plaids for children's frocks. Light and dark colors, large and medium designs.

25c was 50c yd. Ladies' cloth, all wool. Rose, castor, gray. Good and good looking.

NECKWEAR.

For men a few tied Ascots and four-in-hands at half price. And string ties at like reductions. 50c values 25c. 25c values

The stock holds an important place in a woman's toilet now, withstanding the onslaught of Christmas buying our stock speaks tensile readiness to please all tastes. Turnovers, bows, ruching, oaks, ties, rosettes and top collars. Figures will mean so little, except in conjunction with the goods, as detailed description is impossible in such "an embarrassment of riches," we await your coming to quote prices.

VEILS PAY THE PENALTY.

Of lingering here after time. All smart, new and counter-parts of the veils now showing for spring. Black, white, blue, brown. Plain, dotted, dashed. All sorts of edge finish. 35c instead of 50c.

NIGHTSHIRTS.

More of the 50c Night Shirts that make the usual garment at that price look as insignificant as a cold pancake. These are big generous "nighties" made of undressed Wamsutta muslin. Good width and length. Pleat, collar, cuffs and pocket neatly embroidered in colored silk. Pearl buttons, felled seams, double collar and cuffs.

LACE COLLARS—HALF PRICE.

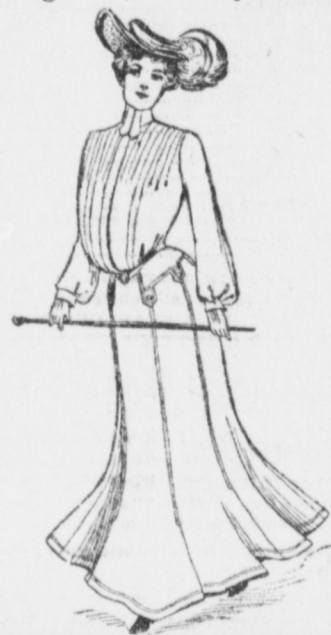

Nothing freshens up an old gown or beautifies a new more than a lace collar or bertha, many designs, can be worn either way. Handsome patterns, these, beautifully made in France and Germany. Normal ratings are \$1½, \$2, \$2½, \$3, \$4, \$5, \$7½. Prices now 75c, \$1, \$1.25, \$1½, \$2, \$2½, \$3.75.

\$1½ ELECTRIC SCARF PINS \$1

Something "to light one on the tedious way" and to incidentally startle one's friends in dark places. A push on the button and a harmless scarf pin glows into a flash light. You'll get more than a dollar's worth of fun out of it and combine use with ornament as well.

GOLF VESTS.

Warm delights for this frosty weather. They make a very light coat wearable in the coldest weather. Three colors, green, red, black. And such drastic price cutting! Why these handsome vests blush to acknowledge they have descended from the aristocratic height of \$1 to the plebian depth of 25c.

Still Some

\$8½ Suits.

There is still a chance for some women to own a new suit and have \$6½ more in their purse than they had any reason to expect. \$8½ buys a suit that a week ago would have cost \$15. And that is good store keeping. Each season since we became absolute leaders in ready-made suits we've lost money just this way rather than carry one garment over to another season and have any but the newest styles to show our customers. It's the price of leadership—a loss we take cheerfully because it is necessary if we are to be different from—and better than—other stores.
